MARKET ADMINISTRATOR'S BULLETIN

OHIO VALLEY MARKETING AREA
FEDERAL ORDER NO. 33

EASTERN OHIO - WESTERN PENNSYLVANIA MARKETING AREA
FEDERAL ORDER NO. 36

VOL. XVII - NO. 1

C. MACK ENDSLEY, *Market Administrator*

JANUARY 1986

ISSUED FOR THE INFORMATION OF PRODUCERS WHO ARE NOT MEMBERS OF COOPERATIVE ASSOCIATIONS

SELECTED DAIRY HERD BUY-OUT DETERMINATIONS ANNOUNCED*

Some important details of the dairy herd buy-out program of the 1985 Farm Bill were announced on January 13th by Secretary of Agriculture John R. Block in order to give dairy producers additional time to begin analyzing the program.

Under the farm bill -- the Food Security Act of 1985 -- a participating dairy producer would terminate milk production and sell for slaughter or export all dairy cattle (cows, heifers, and calves) in which the producer has an interest, the Secretary emphasized. The new act requires the Secretary to implement a milk production termination program by April 1, 1986.

"Although similar in some aspects, many provisions of the regulations being developed for this program will be quite different from the earlier milk diversion program," Secretary Block said.

The Secretary said dairy producers interested in participating in the program will submit a cwt-for-milk bid based on their base period milk marketings. If the bid is accepted, the producer will be required to stay out of dairying for five years and not use or allow the use of his facilities for milk production for the same time period.

To be eligible to bid, a producer at the time the bid is submitted must be actively engaged in the production and commercial marketing of milk.

Secretary Block stressed that any change in the composition of the dairy herd of a producer may affect eligibility for the program. He also emphasized that additional program determination and implementing regulations will be announced at a later date.

Block explained that as background for a bid, producers will be required to submit evidence of the size and composition of their dairy herds (cows, heifers, and calves) as of January 1, 1985; and January 1, 1986, and on the date that the bid is submitted.

The producer must submit monthly records of his milk marketings from July 1984 through December 1985. A producer's base period will be the lesser of the milk marketings for the 12-month period beginning July 1984 or January 1985, Secretary Block continued.

A producer may enter bids for one or more of the following time periods:

April 1, 1986 - August 31, 1986

September 1, 1986 - February 28, 1987

March 1, 1987 - August 31, 1987

The new status gives the Secretary the authority to accept or reject any or all bids.

Successful bidders will be given the following options for receiving payments:

1. Equal annual payments.
2. No payment for first year. Thereafter, the producer has the option of equal annual payments or a payment not to exceed 85 percent of the contract amount for the second year, with the remainder of the payment made equally in annual payments.
3. Payments in the first year not to exceed 80 percent. Thereafter, the remainder will be paid in equal annual installments.

MARKET SUMMARY FOR DECEMBER 1985

Gross Class I utilization averaged 4,981,796 pounds per day during December 1985. On a daily basis this was a decrease of 2.2% from the previous month and 3.0% more than December 1984.

The December 1985 Class I utilization of producer milk totaled 150,976,528 pounds or 56.9% of the reported producer receipts. This utilization percentage is .9% less than last month and .4% less than December 1984.

The average butterfat test for gross Class I utilization was 2.4% for December 1985.

Receipts from 4,955 producers by 39 pool handlers regulated by Order No. 33 averaged 8,558,074 pounds daily for

December 1985.

On a daily basis this was .9% less than last month and 3.6% more than December 1984.

Producers supplying the market decreased by 18 from the November 1985 total and decreased by 281 from December 1984. The daily average producer receipts per farm of 1,727 pounds was 9 less than the previous month. On a daily basis this is 149 pounds more than December 1984.

The December 1985 Class I price was \$12.91 per hundred-weight for 3.5% milk delivered to pool plants in the Central Zone. This was 9 cents more than the November 1985 Class I price and \$1.43 less than the December

1984 price. Prices for Class I milk in parts of the marketing area other than the Central Zone reflect the specified location adjustment of minus 5 cents in the Northwestern Zone and plus 5 cents in the Southeastern Zone.

The Class II price for December 1985 was \$11.81. This was 1 cent less than the November 1985 Class II price and \$1.34 less than the December 1984 Class II price.

The Class III price of \$11.18 for December 1985 was 1 cent less than the previous month and \$1.34 less than the December 1984 Class III price.

The January 1986 Class I price will be \$12.89 for 3.5% milk.

MARKET SUMMARY FOR DECEMBER 1985

Gross Class I utilization averaged 5,546,484 pounds per day during December 1985. On a daily basis this was a decrease of 6.2% from the previous month and 0.7% less than December 1984.

The December 1985 Class I utilization of producer milk totaled 171,934,472 pounds or 52.9% of the reported producer receipts. This utilization percentage is 4.5% less than last month and 5.5% less than December 1984.

The average butterfat test for gross Class I utilization was 2.5% for December 1985.

Receipts from 6,122 producers by 38 pool handlers regulated by Order No. 36 averaged 10,489,708 pounds daily for

December 1985.

On a daily basis this was 1.9% more than last month and 9.8% more than December 1984.

Producers supplying the market increased by 7 from the November 1985 total and decreased by 8 from December 1984. The daily average producer receipts per farm of 1,713 pounds was 30 more than the previous month. On a daily basis this is 154 pounds more than December 1984.

The December 1985 Class I price was \$13.06 per hundred-weight for 3.5% milk delivered to pool plants in Zone 1. This was 9 cents more than the November 1985 Class I price and \$1.43 less than the December 1984 price.

Prices for Class I milk in parts of the marketing area other than Zone 1 reflect the specified location adjustment of plus 5 cents in Zone 2, plus 8 cents in Zone 3, and plus 10 cents in Zone 4.

The Class II price for December 1985 was \$11.18. This was 1 cent less than the November 1985 Class II price and \$1.34 less than the December 1984 Class II price.

The Class III price of \$11.18 for December 1985 was 1 cent less than the previous month and \$1.34 less than the December 1984 Class III price.

The January 1986 Class I price will be \$13.04 for 3.5% milk in Zone 1. Milk pooled in other Zones will have the usual adjustments.

BULLETIN
MARKET ADMINISTRATOR'S
THE

THREE FEDERAL ORDER 36 EMPLOYEES RETIRE

Pictured left to right are Richard J. Stephens, Joseph E. Galinis, and Herbert A. Uhrich.

Three employees from Federal Order 36 retired January 3, 1986 after a combined total of 98 years of service and dedication. The three employees include: Richard J. Stephens, Joseph E. Galinis, and Herbert A. Uhrich.

Richard J. Stephens has been the Assistant Market Administrator the past 3 years. Richard has been a valuable asset in the management and workings of the Market Administrator's office during his 33 years of service. Mr. Stephens had also worked in federal order markets in Mississippi and Texas before coming to Cleveland in 1973.

Joseph E. Galinis, Administrative Officer, has retired after 34 years of eligible service. In his many years of employment Joe has served as an auditor, been involved in pooling and statistics, and during the past several years has been responsible for producer data and payrolls.

Herbert A. Uhrich, Milk Sampler - Tester, has been an invaluable resource for gathering milk samples and information concerning the dairy industry. Herb has 31 years of eligible service.

These three employees have truly been dedicated through the years, and their knowledge and experience as well as their friendship will be deeply missed.
